

Gas Generators

for Residential & Small Business

ALWAYS BY YOUR SIDE

THE | **PRAMAC**
CHOICE

At PRAMAC, we protect the things that power your life by providing quality, affordable power solutions. We've focused primarily on power generation, and we now offer more generator solutions than any other manufacturer. That heritage has helped make us the number one choice in residential standby power, chosen seven to one over the closest competition. When you choose PRAMAC, you're choosing to have peace of mind and the power to live.

Imagine your life **without** power?

- Refrigeration/freezer for food and medicines
- Furnace
- Air conditioning
- Lighting – inside and outside
- Clean water for drinking and bathing
- Sump pump
- Kitchen appliances
- Contact with the outside world; Internet, cell phone chargers, TV, radio and more
- Washing and drying clothes
- Security system
- Garage door opener
- Fans
- Medical equipment
- Charging power tools for use during the emergency and post-outage cleanup
- Monetary loss from temporary relocation, hotel costs, dining out, property damage, etc.

How a generator works

If your power goes out, your generator comes on - automatically. It's really that simple. The generator system consists of a generator and transfer switch. The generator sits outside of your home or business just like a central air conditioner, while the transfer switch is located next to the main breaker box, and in some cases replaces it entirely.

Generator Information in Hand and in One Place *to proactively manage generator assets*

The Mobile Link App allows you to monitor the status of your generator on a phone, tablet or computer from anywhere in the world. Coming soon the ability to connect your account to your authorized service dealer for fast, friendly and convenient assistance.

WE'LL BACK YOU UP. WE'RE STANDING BY. COUNT ON US.
